This recipe is considered as one of the classic desserts for a Norwegian summer. If you visit someone here and they don't serve you this you should be a little disappointed. Super simple, and everyone should be able to make it.

## Ingredients:

- 1/2 cup sliced strawberries
- 2 tbsp. sugar
- 1/4 cup heavy cream

## Directions

1. Clean and slice/cut strawberries in 4-8 pieces
2. Shake/toss them in sugar
3. Add them to a fitted dessert glass. (I use a martini glass for this recipe)
4. Add heavy cream

## Decorate

You could decorate with a few mint leaves but this is optional.

Hope you enjoy it as much as I do!
