This recipe is considered as one of the classic desserts of a Norwegian summer. It's often served on hot summer days. Vanilla ice cream is my favorite flavor for this dish, and it would work great with most people.

Ingredients:

- 200g sliced strawberries
- 2-3 scoops of vanilla ice cream
- chocolate sauce

Directions

1. Clean and slice/cut strawberries in 4-8 pieces
2. Drizzle chocolate sauce on the a plate
3. Make a small valley of strawberries
4. Fill the valley with ice cream scoops
5. Add another drizzle of chocolate sauce on top of ice cream and strawberries

Decorate

You could decorate with a few lemon balm leaves but this is very optional.

Hope you enjoy it as much as I do!
