

Norwegian Strawberries with vanilla sauce

Preparation Time	Cook Time	Servings	Oven Temperature
15	-	1	-
minutes	minutes	people	Fahrenheit

This recipe is considered as one of the classic desserts for a Norwegian summer. It's not that common to get strawberries with vanilla sauce yet. But more and more people are making it this way now. Small children especially likes this dish, and would often go for the vanilla sauce way before the strawberries. And the child may ask for a refill of vanilla sauce.

Ingredients:

- 1/2 cup sliced strawberries
- 2 tbsp. sugar
- 1/4 cup vanilla sauce

Directions

1. Clean and slice/cut strawberries in 4-8 pieces
2. Shake/toss them in sugar
3. Add them to a fitted dessert glass. (I use a martini glass for this recipe)
4. Add vanilla sauce

Decorate

You could decorate with a few lemon balm leaves but this is optional.

Hope you enjoy it as much as I do!
